WRAPSHIELD[®] Water Resistive Vapor Permeable Air Barrier Sheet

PROJECT DESCRIPTION

Over 40,000 sq.ft. of WrapShield Water Resistive Vapor Permeable Air Barrier Sheet was installed on the new Edward Jones building as part of their headquarters in St. Louis, Missouri.

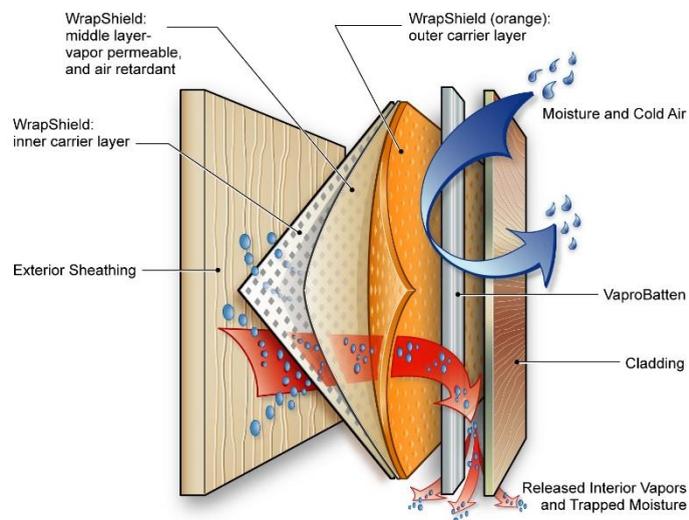

The \$260 million project spanned five years and will be complete at the end of 2011. This addition will add over 1,000 new jobs to the area. Almost 1,000,000 sq.ft. of offices and parking garages are being added to the complex.

WrapShield, with a rating of 50 perms, combines the best properties of a vapor permeable membrane and an air barrier in one innovative, affordable product. WrapShield also offers:

- Secondary Rain Barrier
- Zero VOC's, (no off-gassing)
- Low Temperature Applications
- Fire Rated, Class A to ASTM E 84
- 6 Months UV & Climate Exposure
- WRAPSHIELD[®] Black Open Joint Panel Design
- High Temperature Resistance
- Tough, Durable, Tear Resistant
- Cinches around fasteners
- Contribution to LEED points
