WRAPSHIELD SA[®] SELF-ADHERED Water Resistive Vapor Permeable Air Barrier Sheet Membrane

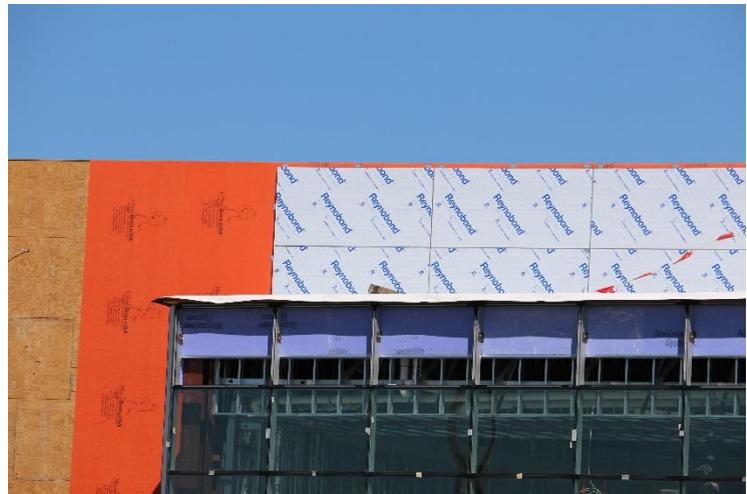

PROJECT DESCRIPTION

Over 15,000 sq.ft. of WrapShield SA Self-Adhered Water Resistive Vapor Permeable Air Barrier Sheet Membrane was installed over plywood on the new Waxahachie Ford Dealership. VaproShield was the sole supplier of WRB/Air Barriers for the project featuring multiple cladding types including aluminum composite panels.

The contractor chose WrapShield SA Self-Adhered as it does not require a primer or any special installation equipment. It also offers 6 months UV and climate exposure prior to cladding installation.

Over 15,000 sq.ft. of WrapShield SA Self-Adhered was installed over plywood on the new Ford dealership.

Multiple cladding types are being installed on this project including aluminum composite panels.

WrapShield SA Self-Adhered installed over plywood and behind aluminum composite panels.

WrapShield SA Self-Adhered offers 6 months UV and climate exposure prior to cladding installation.
