VAPROSHIELD TECHNICAL MANAGER AUTHORS ARTICLE

Rainscreen Stucco Solutions: Tame the Rain

VaproShield's Technical Manager, Kevin Nolan, was approached by Walls & Ceilings magazine to write an article about rainscreen solutions for stucco cladding. The article covers:

- An examination of traditional three coat stucco over lath
- The multiple variables used to determine the depth or size of the drainage cavity
- What makes the addition of exterior insulation difficult
- NFPA 285: what it is and why it's important
- How and why to consider a sequence of components in your assembly

VAPROSHIELD PROVES EXCEPTIONAL ENDURANCE

VaproShield Membrane Remains Intact after Hurricane Irma

65,000 sq. ft. of RevealShield SA Self-Adhered withstood the forces of Hurricane Irma during its historic September 10th landfall on Marco Island, FL. The tenacious RevealShield SA Self-Adhered adhesive was critical in reducing wind tear damage and will prove instrumental in drying out the J.W Marriott's cementitious substrate throughout months of construction following the hurricane.
