PRODUCT(S)

WRAPSHIELD® SA Self-Adhered Water Resistive Vapor Permeable Air Barrier Sheet

PROJECT DESCRIPTION

Over 35 rolls or 30,000 sq. ft. (2,787 M²) of WrapShield SA Self-Adhered Air Barrier was installed on the SilverBirch Hotels & Resorts Home2 Suites located in Edmonton, Alberta. A development of Hilton Worldwide, the SilverBirch Hotels & Resorts Home2 Suites is a mid-tier, extended-stay hotel.

Known for durability, WrapShield SA Self-Adhered Air Barrier made an ideal addition to this project. With all-weather friendly installation, WrapShield SA Self-Adhered Air Barrier can be installed in temperatures as low as 20°F (-6°C), helping to prevent weather delays and allowing project construction to carry on as scheduled.

Designed to be "HIP & HUMBLE" according to Hilton Worldwide representatives, the Home2 Suites by Hilton will open in West Edmonton, Summer 2014.

Over 2,787 m² of WrapShield SA Self-Adhered Air Barrier (orange) was installed on the new "hip and humble" Home2 Suites.

WrapShield SA Self-Adhered can be installed in temperatures as low as 20°F (-6°C) and can help to prevent weather delays.
