

## VaproShield Ribbit Review Special Edition

June 2014

### Who Is VaproShield?

For over a decade VaproShield has designed and manufactured weather resistive vapor permeable (WRB), air barrier (AB) membranes and accessories, creating a total solution-based approach to protecting the building envelope.

Our innovative features such as integrated tape, hybrid fluid-applied flashing, pre-formed corners, and sealants have been rigorously tested together to maximize lifelong building envelope performance and minimize building failure rates.

### PREMIERE PROJECT

**Avonhurst Gardens  
Dartmouth, Nova Scotia**

Over 120,000 sq. ft. (11,148 M<sup>2</sup>) of RevealShield SA Self-Adhered Water Resisitive/Air Barrier was used on Avonhurst Gardens apartments in Dartmouth, Nova

Scotia. The RevealShield SA Self-Adhered was adhered to Rmax® EcoMaxCI Polysio insulation. The façade will be Cembrit High Density Fibre Cement open joint cladding.

RevealShield SA Self-Adhered requires no primers and provides exceptional UV stability. The product resists bulk water infiltration and can be installed in temperatures as low as 20°F (-6°C).

### LEAPFROGGING the Competition NEW! RevealShield SA Self-Adhered WRB/AB

Another product innovation from VaproShield: RevealShield SA Self-Adhered, a black UV stable highly vapor permeable Water Resistive Barrier (WRB) Air Barrier (AB) sheet membrane for open joint rain screen systems.

#### SINGLE LAYER

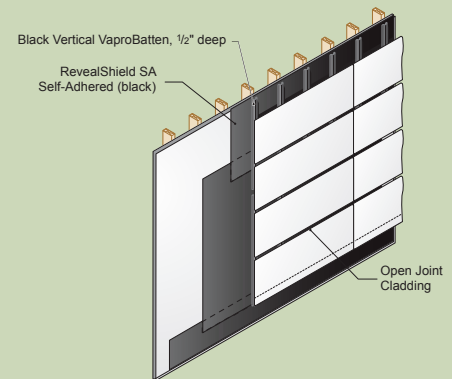

Only a single layer of RevealShield SA Self-Adhered is required behind open joint cladding, saving valuable installation time and money.

#### NO PRIMERS, ZERO VOC'S

No messy, sticky, weather sensitive primers required.

#### INSTALL YEAR AROUND

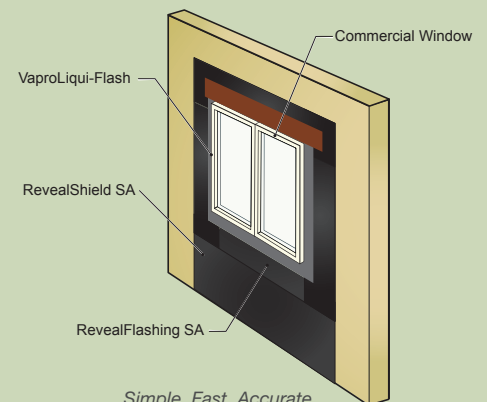

Phase construction friendly install in temperatures as low as 20°F (-6°C).

Single layer installation  
No primers  
Zero VOCs

### Reduce Window Installation Time with an EASY 3-Step System

1. Protect the rough opening with VaproLiqui-Flash and RevealFlashing SA Self-Adhered
2. Install any window type
3. Apply RevealShield SA Self-Adhered field membrane

Simple, Fast, Accurate
