PRODUCT(S)

WALLSHIELD[®] Water-Resistive Barrier Sheet

PROJECT DESCRIPTION

Over 10,000 sq. ft. of WallShield Water-Resistive Barrier Sheet was installed on the Ketchikan Fire Station in Ketchikan, Alaska. Rain Screen Design and 3D Flashing Elements were used along with WallShield.

Ketchikan receives up to 160 inches of rainfall per year; therefore, they need an extremely breathable weather barrier.

WallShield also offers:

- Secondary Rain Barrier
- Zero VOC's, (no off-gassing)
- Low Temperature Applications
- Fire Rated, Class A to ASTM E 84
- 6 Months UV & Climate Exposure
- WALLSHIELD[®] Black Open Joint Panel Design
- High Temperature Resistance
- Tough, Durable, Tear Resistant
- Cinches around Fasteners
- Contributes to LEED points

Over 10,000 sq.ft. of WallShield Water-Resistive Barrier Sheet was installed.

Rain Screen Design and 3D Flashing Elements were used during the installation of WallShield.

WallShield offers a tough, durable, and temperature resistant product during installation.
