ABOUT US:

For over 20 years VaproShield has designed and manufactured high performance, building envelope protective solutions in the US. Our purpose is to contribute to our customers' success, empowering them with advanced solutions that redefine envelope protection and efficiency. Our offerings include vapor permeable water resistive barriers (WRB), vapor barriers (VB) and air barrier (AB) membranes for walls and roofs in both commercial and residential construction.

CAPABILITIES:

VaproShield, LLC offers the following items on GSA Schedule:
