PRODUCT(S)
WrapSHIELD[®] SA Self-Adhered

PROJECT DESCRIPTION
Vaproshield WrapShield SA Self-Adhered was installed on the 7-story, 33-unit, new residential construction on 109 Gold Street in Brooklyn, New York.

Over 2,000 s/f of the product was used and was chosen because it combines the best properties of a vapor permeable membrane (50 perms) and an air barrier in one innovative, affordable self-adhering product.
