PRODUCT(S)
WallSHIELD[®]

PROJECT DESCRIPTION
Over 2500 sq. ft of WallShield was installed at the Aloft Hotel in Minneapolis, Minnesota. WallShield is the most vapor and air permeable weather resistant membrane in the industry with a rating of 212 perms. WallShield allows trapped interior moisture to escape, reducing the risk of mold, mildew and rot.

The Aloft brand, a division of Starwood Hotels & Resorts, delivers urban-influenced, vibrant design for travelers. The Aloft hotel in Minneapolis is the first for the state of Minnesota

Minnesota's first Aloft hotel located in Minneapolis. .
