**PRODUCT(S)**

**WRAPSHIELD SA**<sup>®</sup> SELF-ADHERED Water Resistive Vapor Permeable Air Barrier Sheet Membrane

**PROJECT DESCRIPTION**

WrapShield SA Self Adhered Water Resistive Vapor Permeable Air Barrier Sheet Membrane was installed over wool insulation and behind Bone White and Yellow aluminum composite panels.

WrapShield SA Self Adhered is compatible with an incredible array of substrate and cladding types, and is durable and tear resistant—withstanding up to 6 months of UV and climate exposure prior to cladding installation.

The update to the pool area was part of a 2015 \$19M update to the resort and casino.

*WrapShield SA Self-Adhered was installed behind Alucobond panels by the pool area of the resort.*

*WrapShield SA Self Adhered is durable and tear resistant—withstanding up to 6 months of UV and climate exposure prior to cladding installation*

*The update to the pool area was part of a 2015 \$19M update to the resort and casino.*
